GLOVE 101

NYLON KNIT
Nylon knit is a synthetic material that is a durable, abrasion-resistant, & resilient fiber. It is moisture wicking, & is resistant to insects, fungi, & mildew.

MICRO-FOAM NITRILE COATING

Micro-foam nitrile coating, a synthetic form of latex, offers unique flexibility & softness that provides superior dexterity. It offers breathability, which keeps the hand cool & dry for long term use, & offers excellent grip control when dealing with light oils.
