

1927® LINED PREMIUM GRAIN PIGSKIN PALM WITH SAFETY CUFF

Style No. 1927

- Premium golden grain pigskin protects the palm with exceptional durability, & due to its porous nature, remains soft & flexible after getting wet
- Trademarked **Otto™** striped cotton-blend canvas on the back of hand & cuff offers lightweight, breathable coverage
- Golden grain pigskin knuckle strap provides added protection from bumps & abrasions
- Lined heavy starched **Otto™** striped cotton-blend canvas safety cuff guards wrist from outside elements & helps to trap heat & deflect debris when layered over long sleeves
- Shirred elastic tightens the shell material to the hand above the widening of the palm & provides an additional preventative measure to block particles from further entering the glove
- Leather palm extending to the wrist offers additional inner-wrist protection & reduces stress & damage to the seam
- Wrap-around index finger design creates increased durability & comfort, & ensures that the high-rub areas on the exterior of the finger are not compromised by potential thread or seam failures
- Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability
- Angled wing thumb, which is seamless between the palm & thumb, offers additional flexibility & comfort
- High-performance signature **Heatkeep®** thermal insulation, laminated with a soft TR2 inner lining, provides superior heat-retention by trapping heat, repelling the cold, & wicking away moisture
- Size(s): S, M, L, XL, XXL

FEATURES

Genuine Leather

Thermal

PERFORMANCE

Suggested applications include but are not limited to the following:

- ✓ Construction & Hardware
- ✓ Farm & Ranch
- ✓ Snow & Ice Removal

ABRASION RESISTANCE

DEXTERITY & PLIABILITY

DRIES SOFT & FLEXIBLE

GLOVE 101

PIGSKIN

This leather is tough, breathable & pliable. Soft drying & flexible, pigskin leather withstands moisture without stiffening. It also has excellent abrasion resistance & durability.

HEATKEEP® THERMAL INSULATION

Heatkeep® thermal insulation is comprised of finely spun polyester fibers that create thousands of air pockets to fully envelop the hand. These air pockets work to trap the body heat generated inside the glove & shield the hand from the cold.
