

# HYDROFLECTOR™ LINED WATER-RESISTANT PREMIUM SUEDE COWHIDE DRIVER

Style No. 350HKP

- Tan **aquaHIDE™** water-resistant full suede cowhide provides protection in wet conditions, good durability from wear & tear, & shields the hand from punctures & abrasions
- **Omni-Cuff™** design allows the adjoining wrist material to be worn outside or inside the glove, giving the user the ability to better regulate their body temperature
- Comfortable, form-fitting 100% polyester elastic knit wrist at pulse-point helps retain warmth
- Out-seam index finger provides the smooth, comfortable feel of a seamless interior & eliminates rub points that often accompany bunched material typically inside the glove
- Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability
- Ergonomic keystone thumb, which includes an extra sewn-in piece of material, offers flexible, full-range of motion & helps to prevent hand fatigue
- Turned leather hem
- High-performance signature **Heatkeep®** thermal lining, laminated with a soft TR2 inner lining, provides superior heat-retention by trapping heat, repelling the cold, & wicking away moisture
- Size(s): M, L, XL

- ✓ Cold Storage
- ✓ Farm & Ranch
- ✓ Outdoor Recreation
- ✓ Snow & Ice Removal

**ABRASION RESISTANCE**

**DEXTERITY & PLIABILITY**

**DRIES SOFT & FLEXIBLE**

## GLOVE 101

### AQUAHIDE™ WATER-RESISTANT LEATHER

Natural leather is infused with a proprietary oil-additive during the tanning process, which ensures the individual leather fibers are uniformly coated to prevent water penetration.

### HEATKEEP® THERMAL LINING

Heatkeep® thermal lining is comprised of finely spun polyester fibers that create thousands of air pockets to surround the hand, trap the heat, & repel the cold. Used in conjunction with our TR2 inner lining.
