THIS IS HOW YOU FIND THE RIGHT SIZE!

Take your measurements according to the instructions. Wear close fitting underwear when measuring. All width measurements are measured around the circumference. If your measurement falls between sizes, buy the larger/longer size. Check the sizes available in each garment before ordering. Every size is not made in each model.

HOW TO TAKE YOUR MEASUREMENTS

A Chest

Measure horizontally around the widest part of the chest. Make sure you keep the tape measure straight across your back.

B Waist

For tops: measure horizontally around your natural waistline at navel height.
For bottoms: measure your waist where you normally wear your pants.

C Seat

Measure horizontally around the widest point of the seat.

D Inside leg length

Measure from your crotch down to the floor. Take the measurement while not wearing shoes or boots.

E Head circumference

Measure horizontally around your head.
